Top Products from Middlewest

MARS PC Rating Systems— *Two great systems are available!* MARS 500 is the ultimate nationwide rating system for rating between all points in the continental U.S. MARS 510 provides rating between all points in the U.S. and all points in Canada. Both systems allow you to rate shipments, look up ZIP Codes, print bills of lading, produce ZIP Code speed sheets, save shipment rating information, and more. Please call regarding customized versions for your distribution.

Middlewest Accu-Link System— A server-based rating engine and tariff database designed to integrate with enterprise systems operating on any computing platform. Call for details.

MWB Internet Rating System— Ideal for Internet and local Intranet applications. Can be configured with MARS or private rate scales. Support is included. Call for details.

Web Design and Hosting— Let Middlewest help get your company on the Internet. Middlewest can provide expert design from simple to elaborate, including e-mail, company information, service times and terminal information, on-line rating, software downloads, and many other options. Call for details.

Master Key— The batch processing system can be used to autorate an entire data file of shipment information. It may also be integrated into an existing system (such as a billing system) to perform the rating function for that system. Available in DOS, Windows DLL, and source data for mainframe installations.

Computer Data— Available for MARS 500 nationwide U.S. and MARS 510 U.S. - Canadian rates as well as individual bureau and private rate levels. Custom data formats are available including data applicable from specific origins.

The most current product version will be shipped unless otherwise instructed.
